

Getting involved with DNZ – how can I help?

- How can I learn to dive?

Go to the club contacts page (linked) for a diving club near you. If there isn't one near you, please email admin@divingnewzealand.co.nz and we will let you know if there is a 'Learn to Dive' program coming to your local pool soon.

- Officiating

Always needed are more people keen to become officials in Diving as Judges, Referees and Coaches.

Officials from New Zealand have attended the Olympic and Commonwealth Games, National Championships and World Cup & Australian competitions. Diving NZ has one of the best education programs for judges and coaches in the diving world and we are always keen to see more people enjoy a career with Diving. Please enquire here admin@divingnewzealand.co.nz for more information on how you can get started.

- Board and Governance roles

Diving New Zealand constitution requires a board of 5 members, with 2 elected and 3 appointed board members. Each board member term is for two years as elected at the AGM held in February each year. If you are interested in helping DNZ with governance, as a selector, or on the development committee, please send an email to selection@divingnewzealand.co.nz for further information

- Charitable donations

DNZ has charitable status in NZ. This means that any donation above \$5 to DNZ is tax deductible. Enquire to admin@divingnewzealand.co.nz on how you can help.

- Help our athletes

If you would like to directly help the divers in New Zealand representative teams, there are many ways you can do this and all would be very much appreciated.

Mentoring

Goods in kind (sports foods, clothing, media and publicity)

Donation to athletes (link to form with specifics)

Follow us on Facebook and provide your support during events

- Alumni

Are you a former diver in New Zealand? If so, we would love to help keep you in touch with the latest events and successes of the NZ Diving Team. Please email us here admin@divingnewzealand.co.nz and put *Alumni* in the subject line and we will add you to our database
