NO

If NO, please explain:

The club agrees to the following:

- The DNZ Health and Safety Plan needs to be submitted to the DNZ Administrator before departure. A template is provided.
- Police vetting checks need to be completed by DNZ for all officials travelling with the team. Names should be forwarded to the DNZ Administrator at least six weeks before departure for these to be completed in time. (The more time the better). Even if they have completed

a club police vet check already DNZ do not have access to these and its due diligence is a necessity.

- All travelling members must have travel insurance and the manager of each trip must have a copy of their policy details in the event they are needed on the trip. This can be their own personal insurance or that of DNZ's via Swimming New Zealand. Those using the Swimming NZ policy would be covered immediately tickets are purchased, however full premiums would need to be paid to DNZ before departure or, in the event of a claim becoming necessary before departure, the full premium would need to be paid before making such claim.
- In completing the budget, athlete travel costs shall be equalized regardless of where the athlete is domiciled. Eg Flight costs for an athlete from Dunedin and an athlete from Auckland shall pay the same (unless a late addition to a trip makes it means a more expensive ticket for that person)
- All trips must adhere to the DNZ Team Officials Policy
- All members of a DNZ Squad trip be required to sign the current DNZ Athlete's Agreement prior to departure.
- All members of a DNZ Squad trip should have a common uniform with the DNZ logo. Historically this has been limited to a jacket and a tee shirt, although additional items can be purchased at the member's choice.
- Updating DNZ if there are any changes to the initial application
